

ABOUT US

We move Ghana's heaviest cargo, on time.

Higher Levo Consult operates flatbed trailers out of Tema and Kumasi, hauling cargo nationwide across Ghana and on cross-border transit runs into Togo, Burkina Faso and Cote d'Ivoire. Alongside haulage, we supply cement directly, and can bundle product with transport on the same trailer run. Every trailer is handled by a professional, safety-vetted driver — the reason clients keep booking us for repeat and contract work.
